

Surfing the waves vs falling off cliffs

3 tips on planning for flux in an agile world

Hello!

Caitlin Gould Business Development Director (not very good surfer)

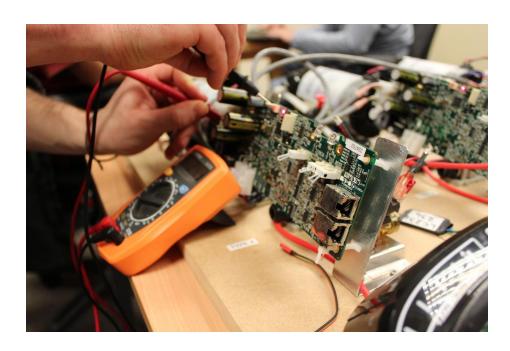

caitlin@bluefruit.co.uk

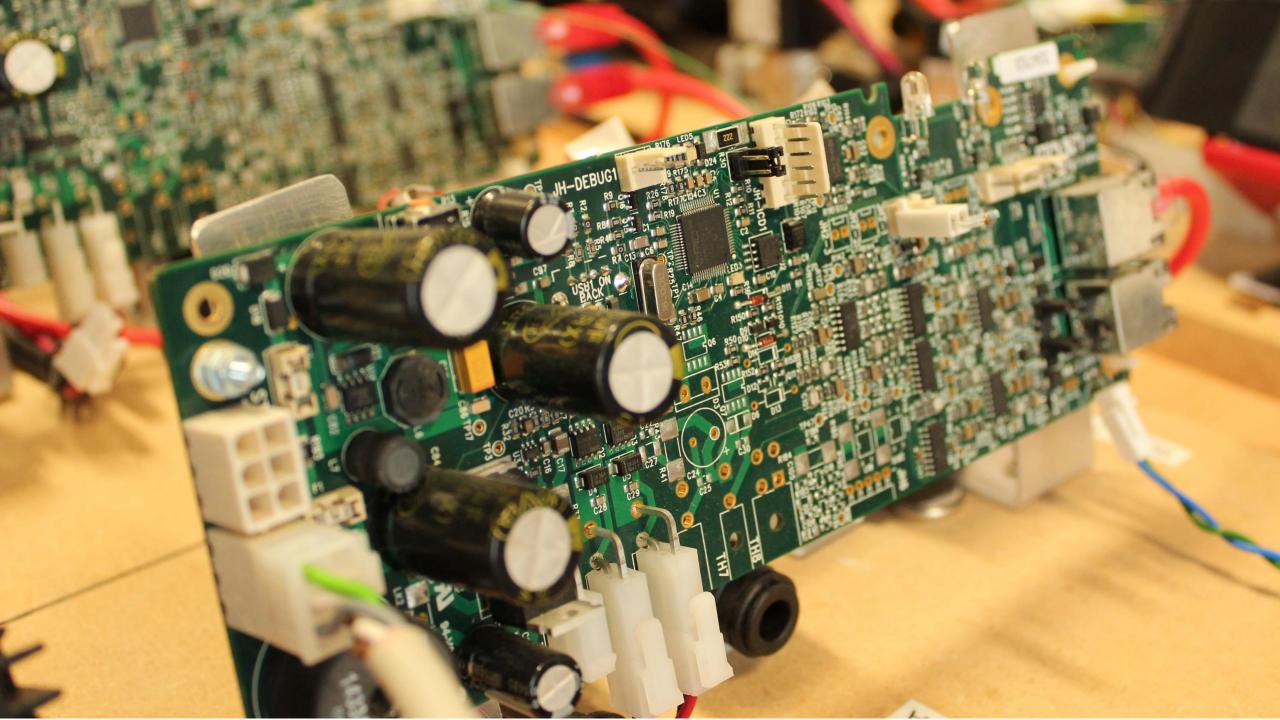

Quality software for intelligent products

- 40 multi-skilled and talented software and test engineers based in Redruth
- Embedded systems and IOT solutions
- Work in the automotive, aerospace, medical, industrial and marine sectors

So what is all this about cliffs and waves?

Tip 1. Catch the long waves and ride it as long as you can.

Tip 2. Have multiple surf spots to choose from.

Tip 3. Take a breath

One last thing...
